The first thing that I would recommend that you do, is go to the [Practice Paper Piecing Page](#). When you feel comfy with paper piecing, come on back and try an Eyes of March block! You will need to print out two copies of each template page per block you want to make on very lightweight paper. Fat quarters should be plenty!

After your four units are paper pieced, join them as shown at left to finish off the block!

Here are four blocks by five with piping and simple plain border strips!

Happy Quilting, Folks!
